

Heaven's light is our guide.

Rajshahi University of Engineering and Technology

RUET

Department of Electrical & Electronic Engineering

PROJECT

Course no.

EEE 4210

Course title:

Embedded System Design Sessional

Project Title:

Design and implementation of an induction motor drive system using Arduino Uno and single-phase H-Bridge inverter.

Submitted to

Md. Razon Chowdhury

Assistant Professor

Dept. of Electrical & Electronic Engineering,
Rajshahi University of Engineering and Technology.

Submitted by

Ashraf Al- Khaliq

Student ID: 1801171

Session: 2018-2019

Dept. of Electrical & Electronic Engineering,
Rajshahi University of Engineering and Technology.
